# Mountain Bluebird Re-Sighting Data Sheet

Plumage: Juvenile (spotted) or Adult

Date	Time	Color Band Combination				Location: Specific		General Location	Substrate (e.g. fence post, ground, telephone wire, etc)	Behavior	Sex	Plumage	Notes
		Right: Top	R: Bottom	Left: Top	L: Bottom	UTM Easting	UTM Northing						
<i>EXAMPLE: 7/5/2017</i>	<i>6:15pm</i>	<i>Purple</i>	<i>Brown</i>	<i>Silver</i>	<i>Green</i>	<i>520403</i>	<i>4818680</i>	<i>NE Corner of Museum of Wildlife Art parking lot</i>	<i>Sitting in Aspen tree</i>	<i>Resting</i>	<i>F</i>	<i>Spotted</i>	<i>Looks like a healthy bird; no abnormalities observed</i>

Remember that the color combinations recorded on your data sheets are in order from the bird's left leg to its right leg. This means that the combination will appear backwards if the bird is facing you.  
Accuracy is critical. If you are not sure, do not report it.
